

McCall Gardens Strategic Focus - 2020 -2023

Market leader in Service delivery

McCall is focused to provide participants with an experience that supports their individual needs on a daily basis in consultation with their families or support network.

Ensure Innovative growth

McCall will ensure that growth is in line with financial opportunities that may arise whilst ensuring the current needs of participants are enhanced

Provide dynamic people, learning & cultural opportunities

McCall is focused to provide a range of career development opportunities for all staff, to ensure that flexible working arrangements and training is offered to ensure exceptional service delivery and enjoyment for all.

Superior Governance

McCall will ensure that it has superior governance structures in place to provide participants, staff and stakeholders with assurance that we are accountable for our actions and ensure that all things we do meet legislative requirements.

Equality for people with disability

McCall will endeavour to ensure that the voice of people with disability is heard, understood & respected within our community.

Vision – “people with disability, lead great lives”

Mission – Inclusive & personalise support to people with a disability

Values – People, Professional, Proof, Partnership
